

HOT TUB DISCLAIMER

We have prepared this Hot Tub Disclaimer, for all guests staying in our property 'Mill House' accommodation

If you have decided that you will not be using the hot tub during your stay, please keep the cover closed at all times.

BEFORE YOUR ARRIVAL

If you do not wish to use the hot tub facilities please let us know. If we do not receive an email or signed confirmation that you agree to the use of the hot tub, the hot tub will not be prepared for your arrival.

Guests wishing to enjoy the hot tub are required to read and sign this disclaimer and then email us the signed disclaimer to welcome@watersedgestays.com

Name of lead guest:	
Names of additional guests	_____

Property name:	
Arrival date:	
Signature:	
Confirm:	I / We agree to the Waters Edge Stays hot tub disclaimer

If we do not receive this via email the hot tub will not be prepared for your stay.

PLEASE NOTE:

As the lead guest, and signatory of this form, you are responsible for **ALL** the people staying at the cottage/apartment with you during your stay being aware and agreeing to this information. A copy of the rules will be available in your cottage/apartment guest welcome folder or mounted on the wall. The signatory is responsible for making sure that all members of their party, and their guests, are aware of, and strictly adhere to the guidelines for proper use of the hot tub.

HOT TUB RULES

We understand that having a hot tub in your accommodation is a really special touch to your holiday experience and adds that little bit of extra indulgence to your break. We want you to have pleasurable experience relaxing under the stars and enjoying the company of friends and family. For your (and your guests safety), it is essential to understand and adhere to the advice and guidelines for proper use as outlined below:

- We take no responsibility for any accident, injury or health issue resulting from the use of the hot tub.
- The hot tub must never be switched off at the mains. Only authorised maintenance personnel are authorised to control the mains power. There may be an extra charge added to your bill if the tub is switched off during your stay – even if you are not using it.
- Hot tub cleanliness is paramount. For your own safety it is essential that the water is kept clean as failure to do so results in the water balance changing which seriously diminishes the effectiveness of the sanitising chemicals. Our personnel will check the chemical balance of the hot tub periodically to monitor the levels of micro bacteria. This may be up to 3 times a day (dependent on usage) to check the water balance and quality. Water balance/chemicals will be adjusted as necessary and results recorded. This procedure is important and ensures that the chemical balance of the water remains continuously safe for your enjoyment throughout your stay.
- If upon inspection the hot tub is found to be dirty due to misuse, it may be necessary for us to empty the hot tub and switch it off. We reserve the right to turn the hot tub off for the remainder of your stay. If you wish to have the hot tub cleaned and refilled, this will incur an additional cost of £100. Please be aware that it can take up to 48 hours for the pool to reheat.
- Only guests whose names have been provided on your booking are permitted to use your hot tub.
- Please note the maximum capacity for the hot tub is six persons.

If the hot tub needs to be shut down, cleaned and refilled this will incur you a cost of £100.

WHEN USING THE HOT TUB DO NOT

- People with infectious diseases should not and are not permitted to use the hot tub.
- The use of alcohol, drugs or medication before or during the hot tub may lead to drowning.
- People on medication should always consult their doctor before using the tub.
- People who are pregnant, obese, have heart conditions, blood pressure problems, circulatory problems, skin conditions or diabetes should always consult their doctor before using the tub.
- Do not use the tub immediately after strenuous exercise.
- Prolonged use of the hot tub can lead to hyperthermia. This is a dangerous condition when the internal body temperature exceeds 37 degrees. Symptoms may include failure to perceive impending hazard, failure to perceive heat, failure to recognise need to leave the tub, unconsciousness and drowning.
- Do not open the electrical box of the hot tub.
- Do not allow any pets in the hot tub.
- NEVER leave one person alone in the tub or let them sleep in it. This could lead drowning. Please be considerate and treat the tub as if it were your own as maintenance is expensive.
- Do not drink the water, or allow the water to enter your mouth.
- **NEVER** allow children under 5 in the hot tub.
- In the interest of the peace and quiet for our neighbours the hot tub cannot be used past 10:30pm.

Enjoy the hot tub but remember

Any damage to the hot tub, the cover, cover lifting arm and handles will be charged for.

GUIDELINES FOR PROPER USE OF HOT TUB

The hot tub has been provided for you to enjoy in comfort and provide a relaxing experience whilst you stay with us. However for your safety and enjoyment there are guidelines for the proper use of the hot tub that must be adhered to by all guests. This is an important health and safety legal requirement for hot tubs used in a commercial environment. You must adhere to the guidelines set out below. Failure to do so could result in injury or death and we accept no liability, due to loss or injury in relation to inappropriate behaviour, or misuse whilst in or around the confines of the hot tub.

There are a few simple rules to follow so you can enjoy the tub throughout your stay.

HYGIENE

Guests must shower and use the toilet before entering the hot tub.

Fake tan will stain and dirty the hot tub, requiring us to empty the hot tub and switch it off. This will incur a cost to you.

Chemical Sanitising Dispenser- before anyone enters the tub please remove the plastic sanitising dispenser that will be floating in the tub. Please remember to replace the dispenser to the tub when you exit, and close the hot tub cover.

Do not use any soaps or detergents of any type in the hot tub, this will result in it having to be shut down, emptied and refilled. This will incur a cost. Appropriate swimwear should be worn at all times, naked bathing is not permitted.

PROPER USE

The hot tub is quite deep so for caution there should always be a minimum of 2 people in the hot tub in case of an emergency.

Keep all loose articles of clothing and jewellery away from the rotating jets.

Test the water with your hand before entering to make sure it is a comfortable temperature.

Guests should never submerge their head in the water.

Hot tub water is not suitable to be in or near your mouth and should never be consumed. It is your responsibility to instruct any children of this advice.

Do not jump into the hot tub, nor stand on or jump on the lid.

Be aware that surfaces in and around the hot tub may be slippery with water or ice.

FOOD & DRINK

Never take glass into the hot tub, plastic glasses are provided.

Any glass broken in or around the tub needs to be reported immediately.

CHILDREN & PREGNANCY

Risk to children – Extreme caution must be exercised to prevent unauthorised access by under age children. The hot tub cover must remain closed at all times unless a responsible adult is present.

No children under 5 years old are permitted in the tub, as they cannot regulate their body temperatures suitably.

Instruct your children to shower and visit the toilet prior to use of the tub and inform them to keep their heads out of the water (especially mouth and ears).

Use extreme caution with all children wishing to use the hot tub, they are prone to overheating and this can be very dangerous. ALL children under 16 MUST be supervised at all times.

OPERATION

ONLY use the control panel buttons shown to you on entry. Improper use can put the tub 'to sleep', which lowers the temperature and this can take up to 24 hours to warm up again and increases the possibility of bacteria's multiplying. Never remove the operating panel, the suction fitting etc. from the hot tub.

REMOVING AND REPLACING THE COVER

There are 2 clips to hold the hot tub lid on. You will be shown on entry to the accommodation how to open and shut the tub. Do not attempt to forcibly pull the lid or its clips.

Always strap the lid down and clip both clips back when you leave the tub.

Failure to do so may end up with the lid being blown off and can damage the lid and its supporting arms, this could be very expensive to repair and you are liable for the cost.

Please report any illnesses following Hot tub usage to the office immediately. This is extremely important if pneumonia-like symptoms are experienced.
